

Nitrile Gloves

Powder Free

Our disposable, powder-free 100% nitrile gloves protect hands from germs and viruses. They can also be used in a variety of environments including food preparation.

FEATURES/BENEFITS

- Useful when working with meats, oils, acidic foods and some cleaning products.
- Available in black only.
- Ambidextrous, finger textured and beaded cuff.
- These gloves are compliant with FDA 21 CFR 177 and are safe for food contact.

PRODUCT ATTRIBUTES

- More resistant to puncturing than latex or vinyl.
- Much of the same flexibility, strength and durability of latex.
- A comfortable snug-fitting glove is designed for optimal dexterity.
- Gloves come in perforated boxes for easy dispensing.
- The finished gloves shall exhibit uniform appearance in terms of size, shape and colour, and possess good quality in terms of finished texture, typical of the product and the form processing.

TECHNICAL ATTRIBUTES

- No powder lubricant added.
- 100% Nitrile.

STORAGE

- The gloves maintain their properties when stored in a dry condition.
- Avoid direct sunlight.
